LIGHTWORKS OPTICS WINS CONTRACT FROM LOCKHEED MARTIN UNIT

TUSTIN, California. – April 1, 2008 – LightWorks Optics, Inc. has won a multi-million dollar direct commercial sales contract for the fabrication of Infrared Focus Assemblies from Lockheed Martin [NYSE: LMT]. LightWorks Optics, Inc., located in Tustin, California, is a leading solutions provider for the design, development, and fabrication of advanced integrated optical systems.

This award represents a continuation of the ongoing teaming relationship between Lockheed Martin and LightWorks in providing high tech, state-of-the-art optical subsystems. This is the third production contract LightWorks has received from Lockheed Martin for these optical systems. Contract value and quantities were not disclosed.

About LightWorks Optics

LightWorks Optics, Inc. is an employee-owned company, specializing in concurrent engineering collaboration to develop integrated optical systems solutions for advanced applications. Its design team provides technical expertise and leadership, from concept to design through manufacturing and production. Focusing on prototype to production development efforts, the company designs, manufactures, assembles, and tests precision optical systems and components at its Tustin, California, facility.
