

IMMEDIATE RELEASE

LIGHTWORKS OPTICS WINS \$3.2 MILLION CONTRACT FROM LOCKHEED MARTIN CORPORATION

TUSTIN, California. – April 30, 2007 – LightWorks Optics, Inc. has won a \$3.2 million contract for high-precision optical assemblies from Lockheed Martin Corporation. The contract requires increased production rates for missile launch detectors in support of the F-22 Raptor Jet Fighter Program.

This award also represents a continuation of the ongoing teaming relationship between Lockheed Martin and LightWorks in providing state-of-the-art threat warning systems that will ultimately provide greater protection and reduced risk to systems and personnel.

About LightWorks Optics

LightWorks Optics, Inc. is an employee-owned company, specializing in concurrent engineering collaboration to develop integrated optical systems solutions for advanced applications. Its design team provides technical expertise and leadership, from concept to design through manufacturing and production. Focusing on prototype to production development efforts, the company designs, manufactures, assembles, and tests precision optical systems and components at its Tustin, California, facility.
