

Greg Paddock

DIRECTOR OF OPERATIONS

JOB RESPONSIBILITIES:

Currently serves as Director of Operations overseeing and managing daily operations of the manufacturing, engineering, manufacturing engineering, purchasing, and shipping & receiving departments.

EXPERIENCE:

More than 35-years of experience in proposal management, production/program scheduling, purchasing, capacity planning, inventory and logistics. Also highly skilled in diverse manufacturing techniques including injection molding, machine shop fabrication, optical fabrication, coating, plating, painting, final assembly and various secondary operations and outside processes.

DIRECT PARTICIPATION IN KEY LIGHTWORKS OPTICS PROJECTS:

- > Infrared Search and Track (IRST) – Program delivered ahead of schedule with zero defects
- > Lockheed Martin "Small Business of the Year" Award 2004 and 2006
- > Missile Launch Detection (MLD) – Managed successful four-year program with 100% on-time delivery

PREVIOUS EMPLOYMENT:

- > Newport Corporation – Planning Supervisor
- > Corning OCA – Production Control Supervisor and Program Manager
- > Optical Corporation of America – Senior Production Planner
- > Perkin-Elmer Corporation – Government Property Administrator and Material Planner

CAREER ACCOMPLISHMENTS:

- > Held multiple managerial and supervisory positions which demonstrated his diverse skills in personnel development, supply chain and strategic business development, systems integration, and profit and loss reporting.
- > Developed numerous customized manufacturing production processes that helped one company reduce their order delinquency rate from 60% to less than 5% in nine months.
- > Set up the Property Management system at a large Department of Defense sub-contractor, enabling the company to consistently pass all customer property audits.
- > Helped reverse profit losses within a Navy repair depot program in one quarter, to eventually average a 45% net profit.

Get it right. Now
